Sir:

In response to the Official Action mailed January 30, 2002, Applicants present the following amendments and remarks.

Please enter the following amendments. An appendix hereto reflects the claims as amended by interlineations and deletions.

In the Specification:

At page 7, please delete the paragraph beginning "First in step S10, the web . . ." and substitute the following paragraph:

First in step S10, the web server 26 waits for a request for an image from the terminal 30. When an image is requested, the web server 26 controls the switch 24 to select the output from the camera 20 to start providing an image sensed by the camera 20 as well as resets and starts an internal timer in step S11. Then in step S12, the web server 26 waits until a
